LEARNING OBJECTIVES

- To learn about Frederic Ozanam and what his vision was for SSVP.
- To take the terms "Embrace", "Network" and "Charity" and discuss and brainstorm what they mean. Embrace should lead us towards thinking about love, care, being there for others. Network is about connections and spreading the word of how we help the poor. Charity is asking those who have enough to share it with those who do not.
- To think about and discuss how these words relate to the work of SSVP today.
- To creatively represent the outcome of these discussions on a mind map.
