## LEARNING OBJECTIVES:

### To think about and discuss what poverty is.

- Ask the class or small groups to look at each picture in turn .
- Let them spend time thinking about what is going on in the picture.
- Ask them to talk about what they think the poverty situation is for that person.
- Ask them to consider an alternative.
- Is there any way they can be sure?

**Conclusion should be that it is often impossible to tell if someone is suffering from poverty, therefore we should be kind and generous to anyone in need, no matter how little it seems.**
